Subject: RE: Exide - Contract language about utilizing local labor resources

Alex:

Maybe the language for Navajo rfi/rfp might be instructive. Can that be shared?

Subject: Exide - Contract language about utilizing local labor resources

Nancy/Alex – Zoe Bayar from DTSC is interested in seeing some contract language that speaks to utilizing local labor resources for the Exide project.

Alex – do you have some contract language from our previous contracts that can be forwarded to DTSC as they finalize their proposed SOW for the Exide project?

Let us know - Thanks
